

# User Manual

1. Create your account, go to a new user and fill in all the fields, because you'll get an error if all the fields are not filled out.

A screenshot of a web browser window showing the SweetLedger login and registration page. The browser's address bar shows "localhost:5173". The page features the SweetLedger logo at the top. Below the logo, there are two input fields labeled "Username:" and "Password:". Under the password field, there are three buttons: "Login" (yellow), "New User" (orange), and "Clear" (black). At the bottom of the form, there is a blue link that says "Forgot Password?".

3. For right now the roles are hard coded so you can't create your own password, it's for testing right now.
  - The password must be at least 8 characters

- Password must start with a letter
  - Password must have a special character
4. Once you login with the correct passwords you will be directed to the corresponding pages.
