1. Introduction

Welcome to **Sweet Ledger**, an accounting management system designed to simplify financial record-keeping and reporting. This manual provides clear, step-by-step instructions for navigating the system, logging in, managing accounts, and performing common tasks according to your user role.

Sweet Ledger supports three primary user roles:

- **Administrator** – Access to almost all features, user management, and account control.
- **Manager** – Access to account review, journal entries, and entry approval processes.
- **Accountant** – Access to creating and submitting journal entries and viewing accounts and users.

2. System Access Overview

Users interact with Sweet Ledger through a secure login portal. Depending on your role, you will be directed to a customized dashboard with access to specific tools and data. The system uses encrypted passwords and enforces access restrictions to ensure data integrity and user security.

3. Logging into Sweet Ledger

Follow these steps to log into the Sweet Ledger system:

Step-by-Step Login Instructions

1. Open the Sweet Ledger application.
 - You will be presented with the main Login Page.
2. Enter your Username and Password in the provided fields.
 - Usernames and passwords are case-sensitive.
3. Click the “Login” button.

- If your credentials are correct, you will be directed to your assigned dashboard.
- 4. If you are a new user, click “Create New Account” to register (see Section 4 below).
- 5. If you have forgotten your password, click “Forgot Password” (see Section 5 below).
- 6. After three failed login attempts, your account will be temporarily suspended. Contact the system administrator if this occurs.

4. Creating a New Account

If you are a new user, you must create an account before accessing the system.

Step-by-Step Account Creation

1. On the Login Page, click “Create New Account.”
2. You will be redirected to the Create New Account Form.
3. Enter all required information in the provided fields. These typically include:
 - First Name
 - Last Name
 - Email Address
 - Date of Birth
 - Password (must meet system security requirements)
 - Username is prepopulated
4. Review your information carefully.
5. Click “**Submit Request.**”
6. A confirmation message will appear indicating that your registration has been submitted.

7. Your request will be reviewed by the system administrator.
8. Once approved, you will receive a notification or email confirming your new account.
9. Return to the Login Page and log in using your newly approved credentials.

Note: All required fields must be filled out before submitting. Incomplete forms cannot be processed.

5. Resetting a Forgotten Password

If you forget your password, you can reset it securely within the system.

Step-by-Step Password Reset Process

1. On the Login Page, click “Forgot Password.”
2. The system will open a three-step password recovery form.
3. Complete each step as instructed:
 - **Step 1:** Enter your registered username or email address.
 - **Step 2:** Verify your identity by answering security questions or entering a verification code sent to your email.
 - **Step 3:** Create a new password that meets the system’s requirements:
 - Minimum of 8 characters
 - Starts with a letter
 - Includes a letter, a number, and a special character
4. Click “Submit.”
5. You will receive confirmation that your password has been successfully reset.

6. Return to the Login Page and log in with your new password.

6. User Dashboards

Once successfully logged in, users are directed to their personalized dashboard.

Dashboard Overview

Each dashboard is customized based on the user's role:

- **Administrator Dashboard:** Provides navigation to user management, account management, chart of accounts, event logs, and reports.
- **Manager Dashboard:** Allows viewing of different services available, along with financial ratios and important notifications.
- **Accountant Dashboard:** Provides navigation to journal creation, event viewing, and account viewing, along with financial ratios.

Dashboard Layout

- **Top Right Corner:** Help Button (opens system information and support topics)
- **Top Navigation Bar:** Links to modules such as:
 - Dashboard
 - Account Management/Account View
 - Chart of Accounts
 - Event Logs
 - Journal Entries (Manager/Accountant)
 - Reports (Manager/Accountant)
- Main section

- Financial ratios
- Important notifications (Managers)
- Service access cards

7. Administrator View and Functions

The Administrator Dashboard provides full control over user and account management.

Accessing Account Management

1. Click the “Account Management” tab.
2. The system will display a list of existing users and accounts.
3. Use the Edit buttons beside each user to make updates.
4. The admin can view a list of expired passwords by clicking “Expired Passwords Report”.
5. On the same line, the “View All Users Report” can be clicked to generate a report with information about each user in the system.
6. Scroll down the Account Management page to view all existing accounts.

Creating a New User

1. On the Account Management page, click the “**Create New User**” button.
2. Fill in the required details, including name, role, and login credentials.
3. Click “Submit” to save the new user to the system.

Viewing Chart of Accounts

1. From the Dashboard, click “Chart of Accounts.”
2. Review the full list of accounts currently in the system.

3. Search for certain accounts using the search and filter bar at the top of the page
 - a. If account(s) match the filter on the right side, select view details to reveal a pop-up containing additional information about the account, including its individual event logs.
4. Add new accounts and view all accounts reports by accessing their corresponding button “Add Account” and “Accounts Report”.
5. Select the checkbox next to any account to edit the information in that row

Viewing Event Logs

1. Navigate back to the Dashboard.
2. Click the “Event Logs” tab.
3. View all recent changes, including pre-change and post-change conditions.
4. Each log entry displays the user who made the change, the date/time, and the modification details.

8. Manager and Accountant View and Functions

Both the Manager and Accountant dashboards share similar navigation options, with access tailored to their roles.

Viewing Users and Accounts

1. From the home page, click “Account Management.”
2. View current users and existing accounts in the list.

Accessing the Chart of Accounts

1. Click the “Chart of Accounts” tab.
2. Browse or view all available accounts
3. Search for certain accounts using the search and filter bar at the top of the page
 - a. If account(s) match the filter on the right side, select view details to reveal a pop-up containing additional information about the account, including its individual event logs. .
4. Click any account number to open its **Ledger**.

Ledger View

1. By clicking the blue name or number for the individual account found in the chart of accounts, journalizing page, or reports, the user will be routed to the Ledger for that account
2. View individual transaction including the Post Reference (PR), description, debit/credit, and account balance.
3. Filter by amount, description or date
4. Clicking the blue number in the PR column sends the user to the journal entry that created that transaction on the journalizing page

Viewing Event Logs

1. Click the “Event Logs” tab.
2. Review system activity and recent data changes.
3. Each log entry displays the user who made the change, the date/time, and the modification details.

Creating and Managing Journal Entries

1. From the header, click “Journal Entries.”
2. View a list of submitted journal entries.
3. Filter by status (pending, approved, rejected) using the tabs and/or by date using the calendar date filters, along with a search bar for specific account names/numbers, amounts, and more.
4. To create a new entry:
 - Click “**New Entry.**”
 - Enter required details such as date, accounts affected, and amounts (debit/credits).
 - Attach any supporting documents if required.
 - Once debits = credits, click “**Submit**” to send for manager approval.
5. Managers can approve or reject journal entries.
 - If rejected, the manager must include a reason in the comment box.

Accessing Financial Reports

1. From the header or dashboard, clicking “Financial Reports” sends the user to a page where they can generate four types of reports by date range
 - a. Reports inc. Trial Balance, Income Statement, Balance Sheet, Statement of Retained Earnings.
2. Select the type of report and the date range, and generate the report by clicking the orange “Generate Report” button
3. Button options on the right above the report to print, email, or save,

9. Help and Support

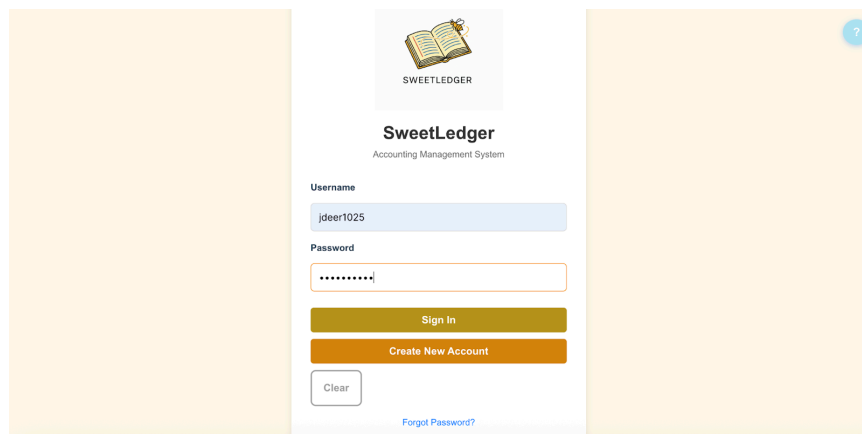

Sweet Ledger includes an integrated Help Button accessible from the top-right corner of every page. Clicking this button opens guidance topics about the current page or module.

For additional assistance:

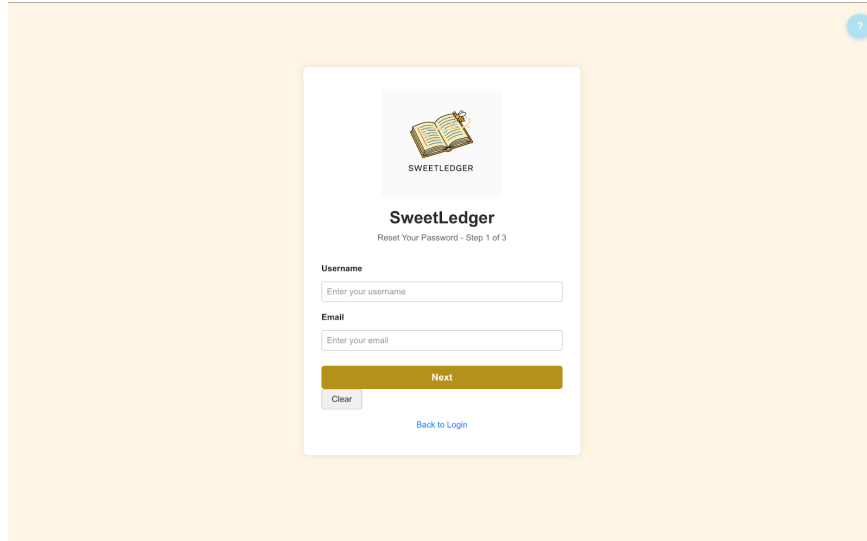

- Contact your System Administrator for access or account issues.
- Email functionality is provided to reach out to system admins or other users
- Refer to the User Manual for troubleshooting steps and detailed instructions.

10. User Interface Navigation

1. Upon entering the system, the user is presented with a login page where they can log in with their username and passcode or, if they are new to the system, click *create new account* to create their profile.

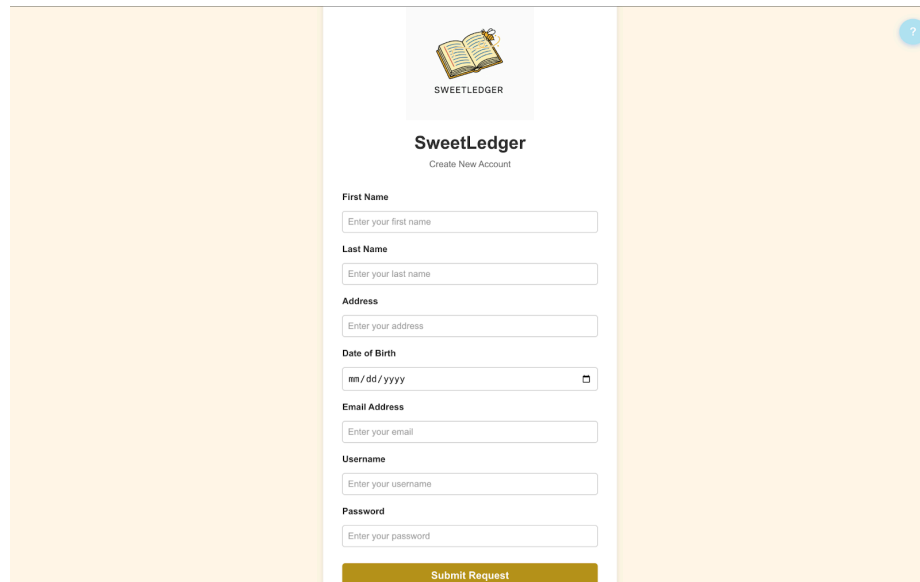

2. If a user forgets their password, click forgot password. This will lead the user to fill out a three-step form to reset their password

The image shows a web form for resetting a password, titled "SweetLedger Reset Your Password - Step 1 of 3". The form is centered on a light orange background. It features the SweetLedger logo at the top, which consists of an icon of an open book with a ribbon and the text "SWEETLEDGER". Below the logo, the title "SweetLedger" is displayed in bold, followed by the subtitle "Reset Your Password - Step 1 of 3". The form contains two input fields: "Username" with the placeholder text "Enter your username" and "Email" with the placeholder text "Enter your email". Below these fields are three buttons: a "Next" button in a dark orange color, a "Clear" button in a light gray color, and a "Back to Login" link in blue text. A small blue circle with a question mark is located in the top right corner of the page.

3. If creating a new account, the user must input all the fields if otherwise, they will not be allowed to continue. When all the fields are filled in, the user can click submit request, and if all the fields are correct, the user will receive a response that their account has been submitted.

The image shows a web form for creating a new account, titled "SweetLedger Create New Account". The form is centered on a light orange background. It features the SweetLedger logo at the top, which consists of an icon of an open book with a ribbon and the text "SWEETLEDGER". Below the logo, the title "SweetLedger" is displayed in bold, followed by the subtitle "Create New Account". The form contains several input fields: "First Name" with the placeholder text "Enter your first name", "Last Name" with the placeholder text "Enter your last name", "Address" with the placeholder text "Enter your address", "Date of Birth" with a date picker showing "mm/dd/yyyy", "Email Address" with the placeholder text "Enter your email", "Username" with the placeholder text "Enter your username", and "Password" with the placeholder text "Enter your password". Below these fields is a "Submit Request" button in a dark orange color. A small blue circle with a question mark is located in the top right corner of the page.

4. Once the user is approved and logged in with the correct credentials, they are taken to their designated dashboard. There are three types of dashboards, depending on the user's role (Administrator, Manager, Accountant)

7. Clicking the blue account number or name sends the user to the **Ledger** for that account. (EX selecting account number 1001)

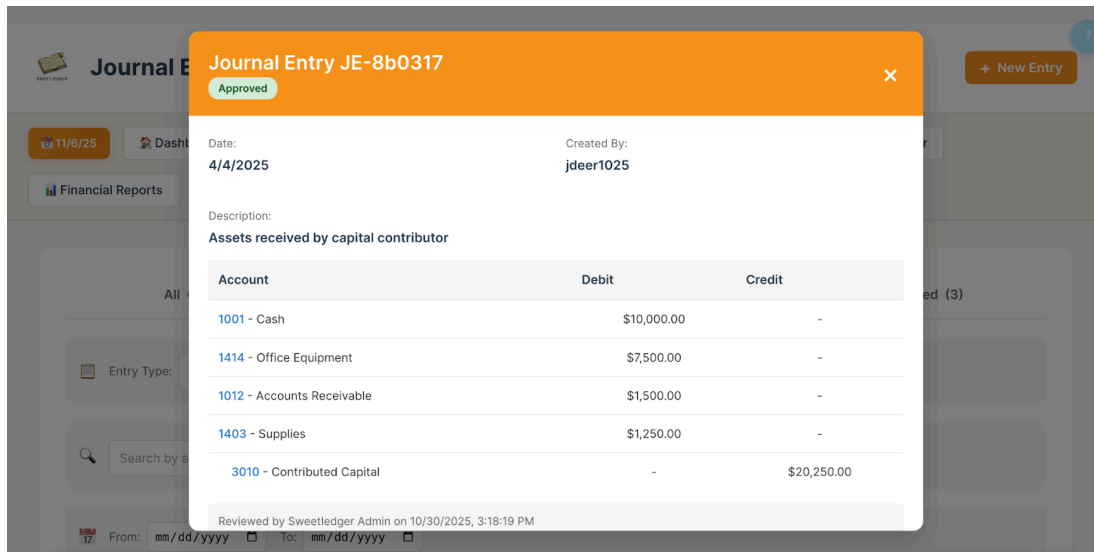

DATE	POST REFERENCE	DESCRIPTION	DEBIT	CREDIT	BALANCE
2025-04-04	JE-1	Assets received by capital contributor	\$10,000.00		\$10,000.00
2025-04-04	JE-2	Paid three months rent on lease rental contract		\$4,500.00	\$5,500.00
2025-04-04	JE-3	Paid premium on property and casualty insurance policies for the year		\$1,800.00	\$3,700.00
2025-04-06	JE-4	Received cash from clients as an advanced payment for services to be provided	\$3,000.00		\$6,700.00
2025-04-07	JE-5	Received cash from clients on account	\$800.00		\$7,500.00
2025-04-11	JE-6	Paid cash for newspaper advertisement		\$120.00	\$7,380.00

8. Search and filter for a specific debit/credit amount, balance, or description along with a date range.

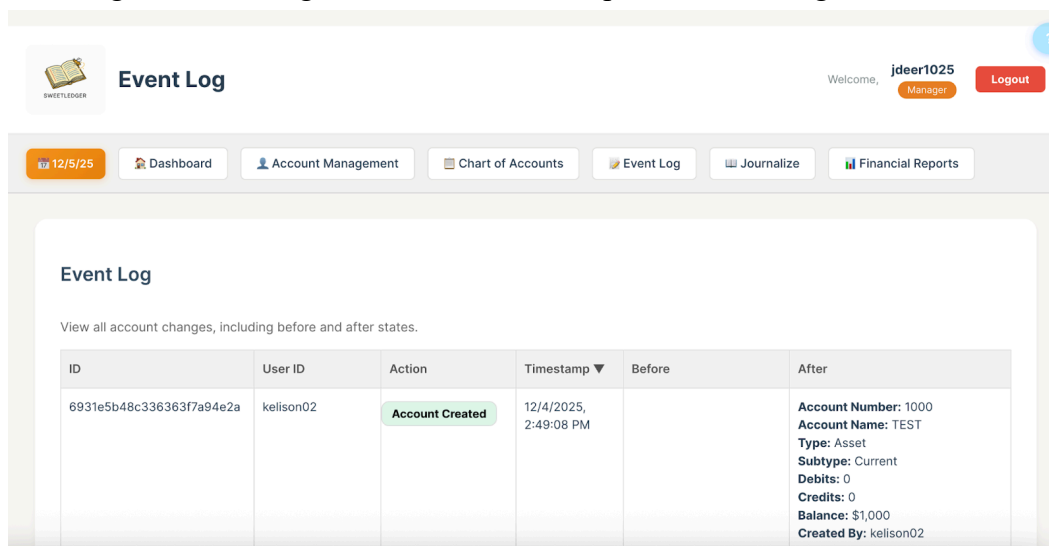

DATE	POST REFERENCE	DESCRIPTION	DEBIT	CREDIT	BALANCE
2025-04-04	JE-1	Assets received by capital contributor	\$10,000.00		\$10,000.00

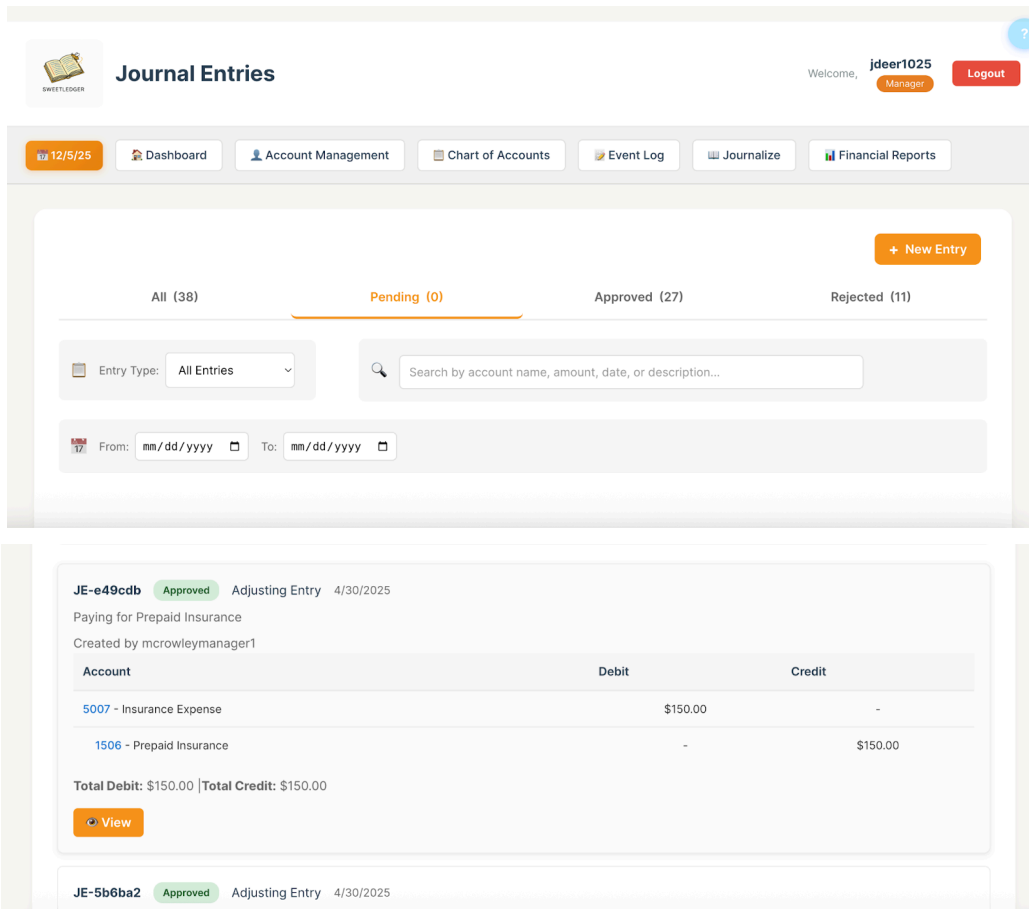

9. The post reference column refers to the journal entry where that row's transaction occurred. Clicking that blue number will send the user to that journal entry.

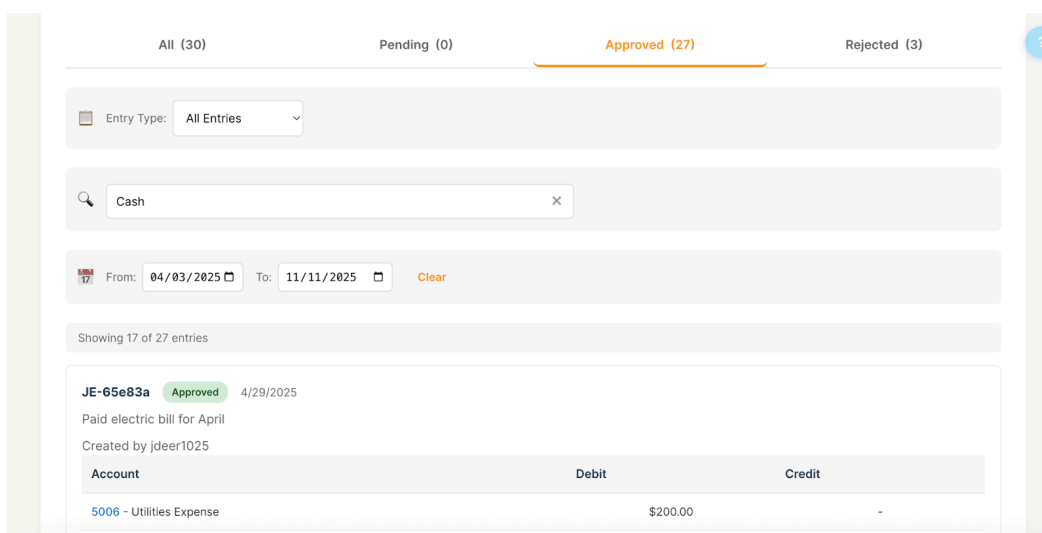

10. Selecting the Event Logs allows users to view past events/changes.

11. Back to the dashboard to select Journalize takes the user to a page where they can view submitted entries and create new ones.

12. Users can filter entries by status through the tabs, search for a certain account/amount, and filter by date submitted.

13. Clicking *new entry* allows the user to create a new entry.

Create Journal Entry

Date: 12/05/2025

☐ This is an adjusting journal entry

Account	Debit	Credit
Debits		
Select Account	0.00	
+ Add Debit Line		
Credits		
Select Account		0.00

14. The debits must equal the credits, or the entry will not be submitted

Credits

1403 - Supplies 100

+ Add Credit Line

Entry is not balanced. Debits: \$1.00, Credits: \$100.00

Description: Enter description

Attachments (Optional): Choose Files No file chosen

Accepted: PDF, Word, Excel, CSV, JPG, PNG (Max 5MB each)

Cancel Submit for Approval

15. Once submit is selected, the journal entry cannot be reversed

16. Selecting the blue account number found within each journal entry will send the user to the ledger for that corresponding account

11. Mobile Version User Manual

SweetLedger also has a mobile version available on the internet. Simply go to <https://sweetledger.com> on your mobile device to get started! Alternatively, you can always use the desktop version at <https://sweetledger.com> on any desktop browser (which is recommended), but we have provided the mobile version as well for employees and users on the go! The functionality between the mobile version and the desktop version is identical, so please refer to these images of the mobile version on the following page to ensure that you are at the right place.
